System Requirements For AudioRecorderCopier:

Mac Version: Windows Version: Note: NVIDIA Fermi or newer GPUs are highly recommended for best performance. Performance: Integrated GeForce 8800GTS (with 2 GB RAM): A few things to note about this update: One of the main reasons why we decided to bring Update 1.3 out so soon after Update 1.2 is due to the fact that Update 1.3 is the last major update we will be releasing for CS:S. However, it will not be the last major update we release for
